### ACCESSORIES

- Supplementary elements activations
- Load limiting device
- Mechanical rotation limitation
- Winch
- Manual extensions
- Manually extra extensible stabilizers
- Hydraulic extra extensible stabilizers
- One-shot lubrication
- Oil cooler
- Top seat
- Operator Full Protection
- Extra cross beams
- Manually pivoting stabilizer legs
- Lights over the control lever
- Green oil®

\*) Eco-friendly

## HB 110

- Cross controls (No with radio remote control)
- Load limiting device (With radio remote control)
- Hexagonal section extensions
- Independent extension cylinders
- Flanged valves
- Assembly kit
- Designed in accordance with: EN12999-DIN15018
- Fatigue test classification: B3
- Oil tank
- Manually opening stabilizers
- Fixed stabilizer cylinders
- Swivel stabilizer foot
- Proportional pressure transducer on main cylinder (With radio remote control)
- 90%-100% light visible from all around the crane (With radio remote control)
- LCS (Lift Control System)

## HB 110 X

### CAN-BUS

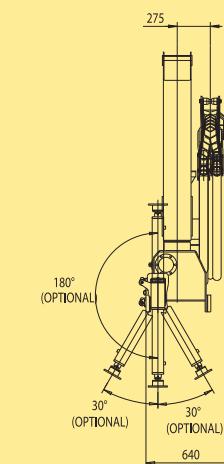

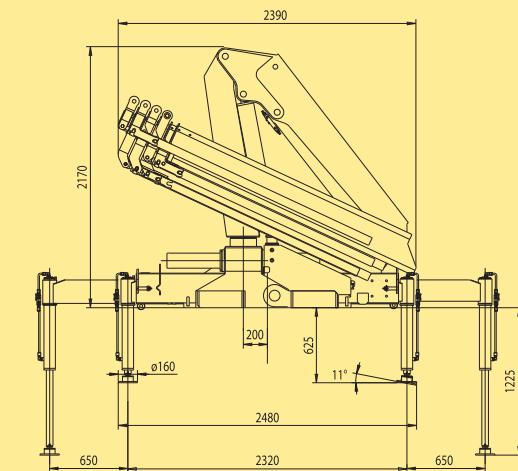

Pressure compensated control valve:  
HAWE PSL2

- Multifunction remote control
- Protected against radio interference
- Move around the truck freely

## EES Extra Extension Speed

A special regenerative valve reuses oil during extension, ensuring an incredibly high speed without compromising the safety of the crane.

Truck-mounted cranes
