

TITAN EVO HOOKLOADERS

TITAN EVO HOOKLOADER

Hyva Titan EVO Hookloaders are designed for daily use in rugged environments and are well known for their reliability and low maintenance. Aimed at the medium to heavy truck classes the Titan EVO hookloader can handle a wide variety of loads and containers. Further enhancing Hyva's track record for innovation and versatility, Titan EVO is the most advanced hookloader available today. Due to the extended range of advanced features and benefits, hookloader operation is now faster, safer, more efficient, and more productive than ever.

Titan EVO. For work without limit

HIGHLIGHTS

Main cylinders

Reduced height

Zinc-plated container supports

High anti-corrosion

Combi-lock

Pneumatic control

E14	14 Tonnes	S	16-20 Tonnes	2	3400 - 6600 mm
E20	20 Tonnes	S	26-32 Tonnes	3	3100 - 7600 mm

TITAN EVO HOOKLOADER FEATURES

FACTORY END COAT

Coated in a highly corrosion resistant end coat, the Titan will stand the test of time. Standard coated in sleek black end coat from the factory. With the option to be coated in any colour, as long as there is a RAL code for it.

COMBI LOCK IT ALL

Fit your Titan with the combi-lock and gain the ability to lock every container to your system. Proven hydraulic locking securing your load every time. One lock for both outside and inside locking.

EASY MOUNTING

The Titan series offers an easy way of mounting. Joining the hookloader to the truck with a chassis specific mounting kit achieves repeatable quality time and time again. Hyva prides itself in creating chassis specific kits for every chassis.

ROBUST

Unparalleled standard of hardness and toughness achieved by using combined abrasive resistant floor plates with Lifetime High quality Anti Corrosion Painting which offers an increased protection and preserves the resale value.

FAST & SAFE

Smaller cylinders, a smart tipping hinge design, and a hydraulic safety system combine to deliver safe operating at higher speed and lower weight. Faster cycle times allow more trips per day and lower weight can increase payload per trip.

SEGMENTS FOR EVO HOOKLOADER USE

FIRE FIGHTING

AGRICULTURE

WASTE HANDLING

RECYCLING
